

**SPECTRUM GO** is an innovative coaching program for people on the autism spectrum that aims to develop communication, strategic thinking and problem-solving skills through the profound and ancient board game, GO.

With its simple rules but complex strategies, GO has fascinated players throughout the world for more than 4,000 years. Our small GO groups are designed to facilitate both learning and socialisation. During lessons we will be using a state-of-the art AI GO set.

**Enrolment:**

We are looking for adult participants (16+) to join a pilot program which will run once a week for 10 weeks at [Spectrum Clinic](#) in East Fremantle. Places are strictly limited to 4 people.

**Benefits:**

- ✓ Social communication skills
- ✓ Attention to detail
- ✓ Strategic problem solving
- ✓ Innovative thinking
- ✓ Cultural exchange

**Facilitator:**

Dr Silvia Lozeva works at the UWA Social Care and Ageing Living Lab where she develops social technologies to combat social isolation and loneliness. She has experience teaching and working with young people at risk, is a life-long GO player and Director of [Institute 361](#).
